1. Activate “Settings” from your iPhone/iPod touch, and select “Mail, Contacts, Calendars”

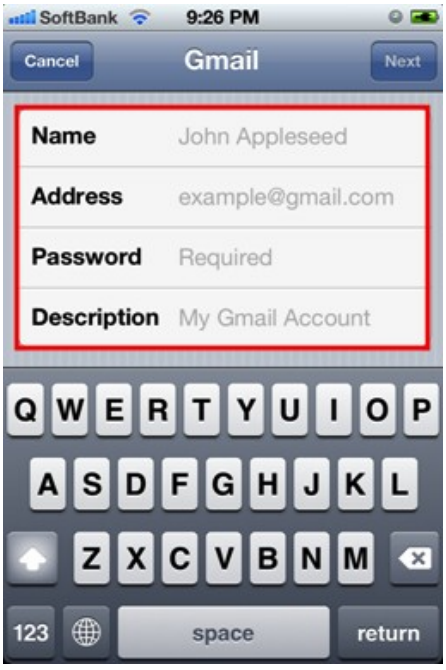

2. Select “Add Account...”

3. Select “Gmail”

4. Enter your Gmail account information and click “Next”

5. Leave Calendars “ON”

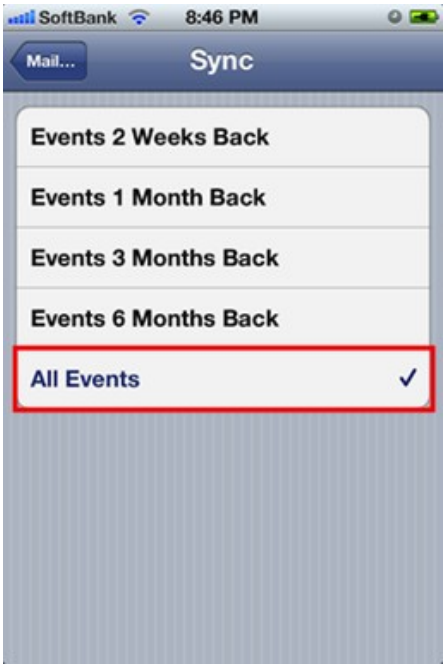

6. Now your Gmail account is set. (more settings to be done!)

7. Select “Sync”

8. Select “All Events” (or preferred period)

9. If you want to sync multiple google calendars, you need to set so at google's setting site. The site URL is listed below.

   http://www.google.com/calendar/iphoneselect
